## A WARNING TO MANY

Some Interesting Facts Regarding Health Statistics

Few people realize to what extent the health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot be brought back to health and strength.

When the kidneys are neglected or used in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly 10,000 deaths in 1910, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation is soon realized. It stands the highest for its remarkable record of cures.

If you feel that your kidneys require attention and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and they will gladly forward it to you absolutely free, by mail.

Swamp-root is sold by every druggist in bottles of two sizes—50c and \$1.00—Adv.

## Muffins

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

When muffins are on the breakfast table, nobody cares for meat or eggs and they would be served more often if this meal were not prepared so hurriedly that there is no time to make them. If K. C. the double-raise baking powder is used, the batter may be stirred up the night before, put in the pan ready for baking and nothing to do in the morning but bake them.

**One-Egg Muffins**  
2 cups flour; 2 slightly rounded teaspoonsful K. C. Baking Powder; 1 teaspoonful salt; 1 cup sugar; 2 cup melted butter or lard; 1 egg; 1 cup water or milk.

Sift dry ingredients together three times. Add to this the unbeaten egg, melted shortening and water or milk. Then beat all together until perfectly smooth. Oil muffin or gem pans and have oven slow until the muffins come to the top of the pan, then increase the heat to bake and brown the muffins. This recipe makes 12 large muffins. Raisins or currants may be added if desired.

**Graham Muffins**  
1 cup graham flour; 1 cup pastry flour; 2 level teaspoonsful K. C. Baking Powder; 1 to 2 level tablespoonsful sugar; 1 teaspoonful salt; 1 egg; 1 1/2 cups milk or water; 2 to 3 tablespoonsful melted butter; mix and bake as One-Egg Muffins.

Graham batter should always be quite soft to insure light and moist muffins.

To get 33 other recipes as good as these, send us the certificate packed in every 25-cent can of K. C. Baking Powder, and we will send you "The Cook's Book" by Mrs. Janet McKenzie Hill. Handsomely illustrated. Jaques Mif. Co., Chicago.
